

Madison Gem and Mineral Club Meeting Notes — March 28, 2017

Rick Z. opens the meeting at 7:05 p.m.

Scot M. reports that we are signed up for the Maker's Faire. He requests volunteers to assist at the event for public relations. Contact Scot by phone or email. The event is Saturday, May 13.

There is a lapidary auction in Belvidere, IL coming on April 15.

April 1 is the science open house, largely at the WID. Geology and the Ice is the UW Geology department's display. 10 a.m. to 4 p.m. Science Expeditions. Appropriate for children.

The Secretary, serving under duress, will be leaving the position formally by August 2017, as he is going back to school at UW-Madison.

Carlos notes that a good deal of the chrysanthemum stone currently available is etched and painted on.

Our speaker is Karen Edmund, Verona-based rock, mineral, and jewelry entrepreneur, speaking on "the Tucson Show".

The presentation concludes at 8:06 p.m.

The meeting is adjourned at 8:07 p.m.
